GLADES GENERAL IS SCHEDULED TO PAY \$23,328 for Patient's Compensation Fund.

Court rules against hospital in PCF case

By SUZIE MAYBURY

BELLE GLADE Glades General Hospital - along with 80 other Florida hospitals - must begin paying assessments owed to the Patients Compensation Fund according to a recent ruling made by the Florida Supreme Court.

State Insurance Commissioner Bill Guter referred to the ruling as "the last legal battle in the war to collect payments from hospitals."

But General Administrator Patrick Lennon said he felt the ruling was "unfair" to hospitals, and Glades General intends to fight for upcoming assessment years. The recent court decision was to collect fees for 1976-77 and 1979-80.

The hospital's attorney, who is representing about 30 other hospitals, is negotiating for a possible payment plan for the \$23,328 Glades General owes for this assessed period. "They (court, decision) decided to collect 80-90 percent from hospitals and only 10-20 percent from the doctors, but the claims paid

nearly 80 percent for doctors."

"We have paid to the fund about \$300,000 with an anticipated \$400,000 to be owed and the fund has not paid one dollar out for benefits for this hospital," Lennon said.

But David R. Voss, spokesman for Guter, said "that's a basic premise for an insurance program. The hospitals paid their fees to the fund and if they were not sued they didn't get any money back."

Also, according to the Department of Insurance records, Glades General owes a total of \$168,703, Voss said.

The Patient Compensation Fund was originally organized for hospitals to save on skyrocketing malpractice insurance premiums, but Voss said wording in the enacting legislation was found unconstitutional by the courts. "There was an original \$100,000 ceiling on all judgments but the courts said it was unconstitutional to put in a law how much money

Golf course expansion OK'd

By SUZIE MAYBURY

BELLE GLADE Palm Beach County Commissioners approved a land trade with a local developer Tuesday, Oct. 16, which will enable the city of Belle Glade to add nine holes to its existing 9-hole golf course.

The Belle Glade Golf pro, George Dermott, said nearly 40 Pahokee and Belle Glade residents attended the county commission meeting Tuesday to show their support.

In a special meeting Monday, Oct. 15, Belle Glade City Commissioners listened to County Commissioner Bill Bailey's expansion proposal.

"The proposal is to exchange some of the land the county purchased six years ago (across from the Palm Beach Junior College) to land close to the existing golf course," Bailey said.

The county-owned land includes 268 acres which was originally planned for a regional park. Bailey suggested trading 150 acres for 100 acres of undeveloped land near the golf course.

After negotiating with several land owners who have property adjoining the golf course, they reached an agreement with John and Curtis Thompson. The Thompsons' land runs along S.R. 717, northeast of the city's 9-hole course.

They said architects determined the Thompson land would be suitable for a 9-hole expansion along with a driving range, parking lot, possible pro shop and club house.

The Thompsons also asked that the new 9-hole course be named after them.

Drunk drivers: State gets serious

"First of all, I want

to say I'm as sober as a

administered the tests.

Judge Adams was

given a battery of tests

that are normally ad-

Some of the same

tests were ad-

last Wednesday while

he was sober.

"I started at 11 a.m.

drinking and I couldn't

get out of court for the

Police Chief Michael

Miller told club

He said the first

Chamber plans ways to keep office open

By SUZIE MAYBURY

PAHOKEE - Pahokee Chamber of Commerce officials agreed Monday, Oct. 15, to cut the office hours to a half day from 9 a.m. to 1 p.m. in an effort to stretch limited funds.

Discussions on how to keep the office open started when the chamber president, James Bennett, told fellow directors the secretary had submitted her resignation.

Some chamber members initially suggested closing the office to save on funds. But Bennett said some members have shown their support and confidence in the chamber by promptly paying next year's dues.

"About 36 paid out of 99 in a two week period and I think this shows the City of Pahokee wants a chamber," Bennett said.

"It would be unfair to those who have paid their dues to close," Bennett said.

Chamber director Walter Rashley suggested as a way of stretching funds, the chamber stay open only during the after-

noon.

"If we do it on a half day basis we might be able to keep the office open until May or June," said chamber director Ted Gallo, who agreed with Rashley's suggestion.

"We could husband our money and go a little further with it," Gallo added.

One director suggested the chamber share its facilities with another organization, possibly a charitable organization that needs an office.

Chamber directors finally agreed to cut the office hours and hire a part-time secretary to work from 9 to 1 p.m. Chamber officials estimated this could be done at a price of about \$100 a week.

In other chamber business Monday:

• Another potential fund raising event is the annual chamber dinner which directors have tentatively scheduled for Friday, Jan. 18 at 7:30 p.m. Tickets will be \$10.

• Ralph Johnson has resigned from the Citizen of the Year Committee and chamber directors are searching for a replacement.

• Elections for new chamber directors will be held Monday, Nov. 5 at the Lake Club. Five new directors will be elected, four for 3-year terms and one will fill an unexpired 2-year term.

• The chamber earned more than \$100 from selling breakfasts and lunches at the Catamaran held in Pahokee Saturday, Oct. 6.

• They estimated some 34 breakfasts served and there is plans to make the 37-mile race an annual event.

• On Thursday, Nov. 1, Pahokee residents will have the opportunity to mail in their candidate for "Citizen of the Year" and "Volunteer of the Year."

This will be the first year for a volunteer award to be given.

Those interested in submitting possible names should mail in writing with an explanation why to the chamber office.

Crime prevention program set

Local law enforcement agencies are kicking off a crime prevention program for parents and children Saturday, Oct. 20, in honor of National Crime Prevention Month.

Featuring police of-

ficers from Belle Glade, South Bay and Pahokee as well as members of the Palm Beach County Sheriff's Department, the program will be held at the Glades sub-station from 9 a.m. to 2 p.m.

A tour of the sub-

station and booking area of the jail will be offered to the public guided by the Explorer Scouts.

Several displays to aid in the educating of the law system and crime prevention will be set up.

Stolen credit cards found

BELLE GLADE - A Blvd in Pahokee, using a stolen credit card. A description of the subject's vehicle was also Thursday, Oct. 11 by Pltm. A. Rodriguez.

A complaint was received by the Belle M.E. Johnson, two Glade police in other stolen credit reference to Darrell Lee Smith, 27, 891 Palm Smith's car. The

recovered credit cards were stolen in West Palm Beach on Tuesday, Oct. 9, according to a police statement.

Smith was charged with dealing in stolen property and fraudulent use of credit cards. He was booked into the county jail under \$3,000 bond.

Woman charged with burglary

An 18-year-old woman was arrested Friday, Oct. 12, for allegedly stealing near \$2,000 in property from a local man's

home. Shandra Laws, 732 Southwest Avenue C, was picked up by members of the patrol division on S.R. 715

the day after Eugene Richey, 46, 108 Northwest Avenue K, reported the burglary.

According to an official police statement, Laws was identified through physical evidence recovered at the scene.

Pltm B.K. Davis conducted the preliminary investigation. Det. E. F. Britt assisted in the arrest.

Laws was arrested on charges of grand theft, burglary and for an active warrant for burglary. Bond was placed at \$3,000.

Man robbed at gunpoint

BELLE GLADE - A line-up. South Bay man was robbed at gunpoint Wednesday, Oct. 10, in a back alley in the 300 block of S.W. 6th St.

Officer Sergio Longinos arrested Christler Monday, Oct. 15. He was transported to the Glades sub-station county jail and held on \$1,000 bond.

Following the police investigation, the victim identified Willie Lee Christler, 20, 741 S.W. Ave. C, from a photo

holes on the 100 acres be arranged in a "horse shoe" fashion which would leave them 50 acres inside the course for future development.

The land the county trading was initially purchased under a beach bond and an estimated \$3 million was "earmarked" for development of the regional park.

Bailey said \$1 million was paid out for another contract with a promise the money would be returned. Although this promise had not been fulfilled, Bailey said the county has raised \$300,000 to replace the lost funds.

An estimated \$750,000 to \$800,000 is expected to complete the project, the remaining funds of the \$1.1 million awarded for the new golf course will be used for improvements to the present golf course, Dermott said.

"One county commissioner who was originally opposed to the expansion said considering the amount of people who turned out and the support they showed, she felt it was a good idea," Dermott said.

The county commissioner said if the exchange works then the county would have the course handed over to the city in a "turn-key proposal."

If this is not legally feasible, Bailey said a long-term lease may be arranged where the city will be responsible for maintenance and operation.

Bailey added that the land had been appraised and the appraisers "could not justify the 1 acre to 1.5 acre trade."

He said they tried negotiations with the Thompsons but they "were hung up on the 1.5 acres."

"The main thing with people who own land on the lake is you can't find any real comfortable sale because they just won't sell it," Bailey said.

City Manager W.E. "Tom" Strang said the expansion should increase the city's interest in golf.

"The pro (George Dermott) said the driving range alone would bring up interest in golf," Strang said. He also said Dermott believed the expansion could increase the county club's membership by one-third.

City to comply with handicap regulations

SOUTH BAY South Bay city commissioners passed a resolution Tuesday, Oct. 16, in which the city will comply to handicapped discrimination regulations set by the United States Treasury Department.

The city clerk, Virginia Walker, will be designated as the city employee responsible for the coordination of efforts to comply with the handicapped

requirements.

The resolution further stated the city commission will act as a hearing board for any grievance not resolved at the administrative level.

The city also adopted a series of grievance procedures in order to resolve any complaints of handicapped discrimination other than those complaints involving employment of post-secondary educational institutions.

In other business Tuesday:

• The city passed a first reading of an amended ordinance regarding the unlawful sale of consumed

alcoholic beverages in a designated part of the city.

This area is referred to as Zone A. The areas include two areas and parcels of land 150 feet in width, each beginning at the S.R. 80 right-of-way lines. This area is adjacent to the North New River Canal and the Florida East Coast Railroad crossing.

• The city also accepted a bid of \$601.50 from Tomasita Garcia for the sale of one South Bay police car.

• Commissioners approved an Inter-local agreement with Palm Beach County and the City of South Bay for a community development of the block grant program.

Lions light bulb sale underway

BELLE GLADE The Belle Glade Lion's Club is having their annual light bulb sale, Thursday, Oct. 18 from 5 p.m. to 10 p.m.

Lion members will be going door to door to sell light bulbs with

proceeds to benefit the blind. The light bulb sale is the major fund raising benefit for the organization.

Anyone who wishes to buy bulbs can contact any Lion's Club member.

Hospital—

should be paid for pain and suffering. They said that was to be decided by a jury so that blew the ceiling off," Voss said.

The hospitals participated in the fund as a cost saving mechanism. Voss said evidently the hospitals didn't expect the large settlements.

"No one including the hospitals ever expected the jury awards would be so large," Voss said.

But Lennon said the first two years of the fund's existence, there was a surplus in which Glades General received a refund.

"By 78 and 79 it just got worse and worse," Lennon said.

Lennon said he believes the reason the hospitals lost the Supreme Court case is because the ratio was 80-20, where the doctors were responsible for 20 percent of the assessments. But in the years to come the ratio changed to 99 percent to 1 percent, paid by the physicians.

"Sooner or later the Supreme Court is going to say, 'wait a minute, this isn't fair to the hospitals,'" said the Glades General Administrator "It's getting to be ridiculous at this point."

Voss doesn't think the hospital's will have a case.

"The hospitals have been heard twice by the Supreme Court and they clearly indicated they don't want to hear it again," Voss said. "Regarding upcoming assessments, the only difference is the years and why fight it if you know the outcome. It's just costing money for legal fees."

Voss said the Department of Insurance is "urging" all hospitals to reconsider taking the argument back into the courtroom. He said the department is negotiating with hospital attorneys for a "settlement on all assessment years."

The state Insurance Commissioner said 124 hospitals have delinquent payments for a total of \$65.8 million.

The current ruling affected 81 hospitals owing a total of \$18.6 million.

Voss said his department is granting payment plans for those hospitals "indicating need."

"We are offering payment plans on an individual basis. We don't want to put anybody out of business," he said.

The owed money collected for the Patient Compensation Fund will go to people who have filed malpractice suit and are waiting for their claims.

"I agree the hospitals have some valid points," Voss said. "But the courts have ruled that it is time to stop the war and get the money to those people who have been waiting so long."

But Lennon said the percentages were what the hospitals were fighting about.

"We felt it should be paid equally or a percentage of the claims paid out," he said.

"How can the hospitals be responsible for paying 99 percent of the assessments when 80 percent of the claims were paid on the behalf of physicians."

—THE HERALD-OBSERVER—

BOILER PLATE
Jim Jones

Guess what we missed?

Well it slipped right passed us, didn't it? Did you realize that Oct. 7-13 was National Newspaper Week?

We knew it was coming, but in the hurry-burly of putting out the next edition, somehow we never got around to doing anything about it.

In an age where there may be three or four national somethings happening each week, such as National Sauerkraut Week or National Ellipsoid Week, we all tend to get a little blasé about these things.

Even a Presidential proclamation fails to excite us anymore.

The truth is, National Newspaper Week is one of the more important weeks that can be proclaimed during the year.

It's not that newspapers are seeking any particular public acclaim, but rather that we value having the spotlight placed on the importance of our First Amendment Freedom of Speech rights.

This year, the slogan was "Newspapers: Lighting Freedom's Way." Two years ago it was "A Free Press — Your Key to Freedom." Last year it was "A Free Press — Democracy's First Defense."

You get the idea.

With a free press, we can have a free exchange of ideas. People can keep up with what their elected officials are doing.

By not taking the free press for granted, we can help to guarantee its perpetuation. A free America is unimaginable without a free press.

The evil the devil delights in...

Do you do things that you know will get you into trouble? Do you knowingly make plans which will lead you to temptation?

The human mind is guilty of playing tricks upon itself. The evil one—the devil—will delude the mind into thinking that looking is all right if it is not followed by action.

Once the devil has planted in your mind an evil desire then definite action must be taken to eliminate it or it will develop to a point it may dominate the human will.

Jesus says "If your right eye tempts you to sin, pluck it out and throw it away; it is better to lose one of your members than that your whole body be thrown into hell."

The specific sin Jesus is talking about is adultery. He says that a man who lusted after a woman has already committed adultery with her in his heart.

Here again our Lord knows that as a man think so he does. He knows that a man must control his thoughts or he will be guilty of sin and liable to hell.

The thinking of a woman in a sexual way is only to be within the bounds of marriage. What is wrong, says Christ, for a person to think deliberately about a woman in a physical way

Dr. David T. Evans
Everglades Presbyterian Church

who is not a wife or her husband. When this begins the result is adultery.

Jesus knows that the Christian individually or collectively can only live with utmost respect for the sanctity of the home. Giving up to biological or physical urges can lead only to trouble.

If your right eye causes you the trouble, pluck it out. If you are using your eyes for the wrong purposes. If your desires for someone else are heightened by the wrong books, movies, or TV then eliminate these from your life.

Jesus is saying that radical action is needed. The surgical cure is the only answer. Pluck out

eyes or cut off arms. Of course he is not talking about actually doing this but He wants you to eliminate the kind of thoughts which lead to sinful thinking is a large order. Our sex saturated society makes the physical body beautiful, desirable. Every medium of communication uses sex.

Advertising is exploiting the desire to be physically and sexually attractive for nearly every product — from hair oil to dietary products.

Literature to gain an audience has gone further and further into the private realm of sex until nothing is left out in describing relations between man and woman.

Movies and television no longer leave much to the imagination but photography and brings it right into your home. Newspapers discuss crimes of passion in vivid detail on the front page for all to read.

Our Lord says eliminate these thoughts, pictures, and motivations from your eyes and minds. A continual subjection to this diet can only distort the mind and lead to violation of God's laws.

A doctor was forced to abandon his car and walk to the hospital to reach an expectant mother due to fallen trees during the hurricane Isbell.

Assistant Chief of Police Bill Mathis was injured while attempting to clear debris from the road leading to the hospital. R.W. Griffin demolished his Cadillac when he ran into fallen limbs on State Road 80.

Correction

In an editorial last week, it was erroneously stated that a school redistricting plan would reclassify Moore Haven High School and Glades Day School from 1A to 2A schools.

In fact, the two schools will continue to compete in a 1A district.

The bulk of the editorial was, however, correct. We regret the error.

Detective John Carney said Adams was given five drinks, approximately six to seven ounces of alcohol.

"Within 15 minutes I could tell I'd been drinking," Adams told the crowd. "There's no doubt in my mind that I am not capable of driving."

Woods administered the horizontal gaze test on Judge Adams. The test gauges how well a person follows an object.

Woods said it is a very reliable test because when the object is held at a 45 degree angle from the suspect, if he has been drinking, his eyes will automatically start to jerk.

Sgt. Jack Fulerwider said all an officer has to do is probable cause to arrest a person for drunk driving. He said several tests can be used to determine intoxication including agility tests, blood or urine tests or a breathalyzer test.

The agility tests include walking a straight line, extending arms out to the side, leaning your head back and touching your nose with your finger, and participating in the Breathalyzer test.

"I couldn't really say no," Wennett jokingly told the crowd. "It was Crown Royal. I didn't have nearly as much to drink as Judge Adams. 'We'll see,' was Adams rejoinder.

"I had an invitation to fly back to West Palm Beach," Wennett said, "but I figured I could do that myself"

Clewiston wins district shootout with Devils, 24-14

DOUG PARRIS (21) cuts to his left behind the blocking of Brian Frazier Friday against Pahokee.

By JIM JONES

For the fifth straight year Clewiston will represent District 14 in the Class 2A state football playoffs.

Clewiston demolished Pahokee 24-14 Friday, Oct. 12, to keep its perfect record intact at 5-0 and send the Blue Devils home with a 1-5 record.

A ferocious fourth quarter climaxed Friday's game as the two teams accounted for four touchdowns in less than five minutes of play.

First-year Pahokee Coach Donald Thompson had predicted the game would be fought hard down to the final gun. He found Friday's loss a bitter pill to swallow.

"I'm sick right now," he said. "Their (Clewiston's) discipline, finesse, and fine coaching paid off. I long for the day my program will reflect similar discipline," Thompson said.

"I feel like my boys fought their hearts out. I can't take anything away from Coach Morrell. They just have a fine football team," Thompson said.

Clewiston blanked Pahokee in the first half, running up a 12-0 lead. Glenn Hibbert scored on a five yard run and quarterback Wade Walker passed 40 yards to Doug Parris for another.

Pahokee was able to close the gap to within four points, however, twice in the fourth quarter, giving Clewiston Coach Al Morrell and his staff reason for alarm.

"We didn't put them away. Sooner or later they are going to come back. It's hard to keep a team like that down," Morrell said.

Pahokee scored its first points of the game with 4:21 left in the contest. Quarterback Pernille McKelton scored on a one yard run, following a 60-yard, five play drive.

McKelton, a 160 pound sophomore, then ran for the two point conversion to make the score 12-8.

Not to be outdone, Clewiston took the ensuing kickoff at its own 46 and drove 54 yards in four plays to widen its lead to 18-8. Fullback Leonard Mixon, who led Clewiston in rushing with 128 yards on 15 carries, scored on a 31 yard run with 3:12 left in the game.

Anyone who might have concluded the game was over at this point would have missed two additional quick strikes for touchdown.

Pahokee ended a six-play drive with a 70-yard touchdown pass from McKelton to rangy Ken Berry with 2:05 left.

The try for a two point conversion which would have pulled Pahokee within two points of the lead failed. Instead, Pahokee now trailed 18-14.

Clewiston put the game away with 1:41 left when Mixon scored on a 19 yard run, following a four-play drive. The key play in that drive was a 25 yard run by tailback Glenn Hibbert to the Pahokee 19. Hibbert finished the night with 99 yards in 23 attempts.

Following the kickoff, Clewiston's Charles James picked off McKelton's first down pass attempt to seal the win for the Tigers.

Friday's game was played before an estimated 3,000 fans. Ironically, it may be the last time the two teams will play for a while.

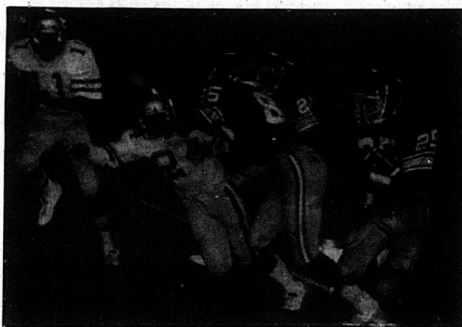

The Florida High School Activities Association announced a redistricting plan last week that appears to jeopardize the future of the rivalry.

Under the proposal, Clewiston would be classified a 3A school and compete in a 10-team district beginning in the fall of 1985. Pahokee would remain a 2A school and compete in a much smaller district.

Ironically, Friday's win gave Clewiston the lead in the series between the two schools, which stretches back to 1943. Clewiston now leads the series with 18 wins, 17 losses, and two ties.

Glades Day romps to 5th straight win

Glades Day has won their fifth game in a row. This time the Gators romped King's Academy 30-7.

"We played a good first half, but we won and that's what counts," said Head Coach Byron Walker Jr.

Walker said on the team's first possession the Gators fumbled on King's 10 yard line, but on the second possession the Gators scored.

In the first quarter the score was tied 7-7 but in the second quarter the Gators scored.

"I think this will be our toughest test. They have by far the toughest group of athletes," Walker said. "They have an explosive offense, and we'll have to do something to control that. Defensively they are big and quick sounds simple but..."

said the second half was a game of "steady football."

"We just hung on to win it," Walker said.

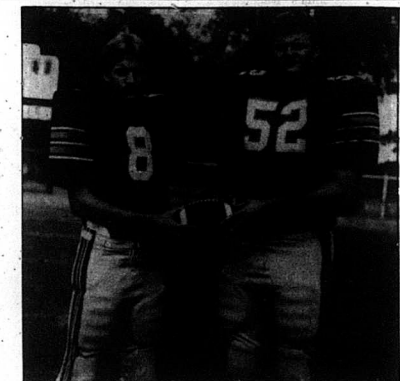

Philip Echols has 140 yards with 22 carries and two touchdowns. J. D. Poole and John Hundley each had a pass interception.

This week, Oct. 19, the Gators will go to Immokalee.

Broward Christian nips Christian Day 10 - 6

Coach James Jacks said Christian Day lost 10-6 to Broward Christian but his team played a better ballgame.

"We haven't played up to our capabilities but we did better," Jacks said. "Defensively we held them. They scored by a pass and that was the only time they really hurt us."

The Crusaders coach said he was "extremely proud" of the defense and Jacks said he played a "tremendous football game."

"He hit harder than I've ever seen for someone who weighs 110 pounds - he hit like 190," Jacks said.

Full back Jo Jo Ramos, running back Juan Marin and right

offensive guard Anthony Copen all sat out of Saturday's game.

Jacks said the team's mistakes attributed to their losses.

"Our mistakes have killed us due to our inexperience," he said.

Raiderball downs Atlantic 24 - 8

Coach Dan Brown said Glades Central played a "good old brand of Raiders football" in their 24-8 victory against Atlantic Friday, Oct. 12.

During the fourth quarter the Raiders pulled the team away from a close 12-8 score with two interception returns for touchdowns.

"I'm really proud of the kids," The defense

did really well and the offense has improved," Brown said.

The Raiders coach said the team showed all their strength in the final quarter. "We played really tough when we had to," he said.

Brown said, "Aubrey Parrish clinched the game."

"Parrish, free safety, intercepted a pass on the Raiders 20 yard

line where he ran 80 yards for a touchdown in the fourth quarter.

Brown also praised Eugene Miller as leading tackle. Roy Bailey for his interception for a touchdown and Johnny Ivey had two touchdown runs.

Key blocks were made by Eugene Lawson and Jacinto Paz.

This week Glades Central plays Boca

Raton for their homecoming game at the Raiders stadium.

Brown said the game is going to be tough.

"The team we lost 21-0 (Forest Hill) they beat 13-7," Brown said.

When asked if the team is planning anything special for homecoming Brown said, "we're just going to prepare to win and I guess that's special."

Glades area fishing report

Compliments of Tennessee's Pro Guide Service

This has been another good week for large bass. Gary Bowermeister and Mike Hadden were fishing Pelican Bay this past weekend when Mike brought in a 9-lb. bass using wild shiners. Also out of Pelican Bay and again using wild shiners, Carry Frisenda of Royal Palm Beach caught a 9 1/2 lb. bass.

Rumors from the Belle Glade Marina say good strings of specks are being caught in the rim canal using live bait and jigs, any time of the day.

I thought, you readers would enjoy a great Tall Fishing Tale. The following tale is from J.D. Cook and is the damndest one I've ever heard. J.D. won first prize for this one in the Stren Tall Fish Tale Contest held by WCAI Radio. I thank him for this permission to relay the story to you.

"Fish Are Really Squirrely"
"One of my favorite outdoor haunts is the picturesque Fishing Creek wilderness area north of the city of LaBelle in Southwest Florida.

A few weeks ago my friend Ted and I planned a day excursion to "Fisheatin" in search of our favorite quarry "Ole Bucketmouth" (Florida's Largemouth

TENNESSEE

Bass.) We loaded tackle boxes (several) with crankbaits, topwaters, spinnerbaits, jigs, spoons and, of course, bags and bags of worms in every color imaginable. You can never tell what "Ole Bucketmouth" might be hitting on any given day. Of course you need several rods, heavy, medium, light and to be sure, as of late, a "flippin" stick.

A cooler, iced down with the all time Florida hot weather thirst quencher - iced tea - with lots of lemon is also a must.

Wanting to launch at the earliest safe light, we left my home in Fort Myers at 4:30 a.m., allowing plenty of time for grits, eggs, biscuits and coffee at our breakfast spot in LaBelle. Getting outside of these groceries was a must as for me. A good breakfast is a must as any real bass hunter will tell you. There ain't no McDonald drive-thru up the Creek.

As planned, we arrived at the launch ramp just as the sun was trying to push its way through a heavy cloud bank on the eastern horizon. We used a long anchor line to launch the boat. I don't like to troll motor and like to run the big motor at first, as I have a couple of honey

holes right by the ramp. By the time I parked and locked the car, Ted had the seats up and was ready to go. Running on the trolling motor only, we started working top water plugs with no success along the wall on the edge for about a hundred yards to the north where there is a sharp curve in the Creek. Just around this bend is a huge old downed cypress tree which slopes into the water and had always been good for a couple, sometimes nice ones. As we rounded the point, I searched the water for swirls or movement, but saw none. I started to lay my tiny torpedo up next to the old tree trunk, when I noticed a cat squirrel (Florida's grey squirrel) playing on the log. I cut the trolling motor and drifted closer, watching the little fellow inch further and fur-

ther out to the end of the log where he picked up an acorn and began to nibble on it. Suddenly the water by the log exploded as a monster bass leaped and took squirrel, acorn and all for her first meal of the day. Ted and I looked at one another stunned at first, then ploved through tackle boxes looking for anything grey and fluffy. Not paying any attention to the boat drifting, we bumped the old cypress and as I looked down at the log, there was this huge bass putting another acorn on the end.

As I said, at the beginning, fish are squirrely, and so are the people that hunt them. I hope ya'll enjoyed this tale as much as I did. If you have one that you would like to share with us, contact me through the Herald Observer or call me at 996-7222.

beautiful sights and beautiful thoughts. This is not easy. To begin with read the Psalms. The writer of many of the Psalms was a man who thought great thoughts about God. This is the place to begin.

Read only beautiful literature. You have to look hard and put down something that isn't good. Look for the hand of God at work in

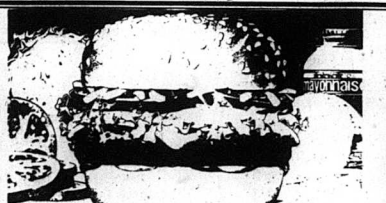

nature, man, and all around. Someone said "It is too lovely a day to think evil and too beautiful a place to think wrong. We can not eliminate all evil from our lives but we can cut down on the deliberate intake of evil. We can take in those things which enable the love of Christ to motivate us and let others see Him in our actions."

Clewiston wins district shootout with Devils, 24-14

For the fifth straight year Clewiston will represent District 14 in the Class 2A state football playoffs.

Clewiston demolished Pahokee 24-14 Friday, Oct. 12, to keep its perfect record intact at 5-0 and send the Blue Devils home with a 1-5 record.

A ferocious fourth quarter climaxed Friday's game as the two teams accounted for four touchdowns in less than five minutes of play.

First-year Pahokee Coach Donald Thompson had predicted the game would be fought hard down to the final gun. He found Friday's loss a bitter pill to swallow.

"I'm sick right now," he said. "Their (Clewiston's) discipline, finesse, and fine coaching paid off. I long for the day my program will reflect similar discipline," Thompson said.

"I feel like my boys fought their hearts out. I can't take anything away from Coach Morrell. They just have a fine football team," Thompson said.

Clewiston blanked Pahokee in the first half, running up a 12-0 lead. Glenn Hibbert scored on a five yard run and quarterback Wade Walker passed 40 yards to Doug Parris for another.

Pahokee was able to close the gap to within four points, however, twice in the fourth quarter, giving Clewiston Coach Al Morrell and his staff reason for alarm.

"We didn't put them away. Sooner or later they are going to come back. It's hard to keep a team like that down," Morrell said.

Pahokee scored its first points of the game with 4:21 left in the contest. Quarterback Pernille McKelton scored on a one yard run, following a 60-yard, five play drive.

McKelton, a 160 pound sophomore, then ran for the two point conversion to make the score 12-8.

Not to be outdone, Clewiston took the ensuing kickoff at its own 46 and drove 54 yards in four plays to widen its lead to 18-8. Fullback Leonard Mixon, who led Clewiston in rushing with 128 yards on 15 carries, scored on a 31 yard run with 3:12 left in the game.

Anyone who might have concluded the game was over at this point would have missed two additional quick strikes for touchdown.

Pahokee ended a six-play drive with a 70-yard touchdown pass from McKelton to rangy Ken Berry with 2:05 left.

The try for a two point conversion which would have pulled Pahokee within two points of the lead failed. Instead, Pahokee now trailed 18-14.

Clewiston put the game away with 1:41 left when Mixon scored on a 19 yard run, following a four-play drive. The key play in that drive was a 25 yard run by tailback Glenn Hibbert to the Pahokee 19. Hibbert finished the night with 99 yards in 23 attempts.

Following the kickoff, Clewiston's Charles James picked off McKelton's first down pass attempt to seal the win for the Tigers.

Friday's game was played before an estimated 3,000 fans. Ironically, it may be the last time the two teams will play for a while.

The Florida High School Activities Association announced a redistricting plan last week that appears to jeopardize the future of the rivalry.

Under the proposal, Clewiston would be classified a 3A school and compete in a 10-team district beginning in the fall of 1985. Pahokee would remain a 2A school and compete in a much smaller district.

Ironically, Friday's win gave Clewiston the lead in the series between the two schools, which stretches back to 1943. Clewiston now leads the series with 18 wins, 17 losses, and two ties.

Belle Glade athletes play for Maryville

Two Maryville College students from the Belle Glade area are members of the 1984 Maryville College Fighting Scots football squad.

Tommy Swager, six foot, four inch, 240 pound son of Tom and Gloria Swager of Belle Glade is the starting

noseguard for the Scots. He is a senior political science major.

Robert Echols, son of Renza Echols of Belle Glade and Margie Echols of West Palm Beach, is a five foot, 10 inch, 145 pound wide receiver for the Scots. He is a sophomore English major.

Glades Day romps to 5th straight win

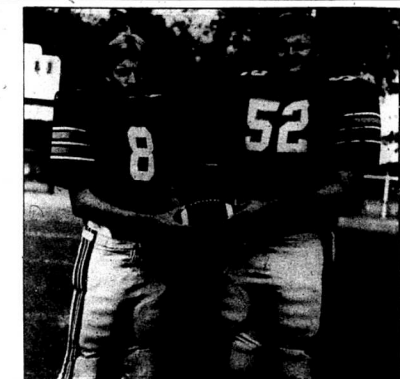

Glades Day has won their fifth game in a row. This time the Gators romped King's Academy 30-7.

"We played a good first half, but we won and that's what counts," said Head Coach Byron Walker Jr.

Walker said on the team's first possession the Gators fumbled on King's 10 yard line, but on the second possession the Gators scored. In the first quarter the score was tied 7-7 but in the second quarter the Gators scored "23 unanswered points," Walker said. He said that was the "margin of the game."

The Gators coach said the second half was a game of "steady football."

"I think this will be our toughest test. They have by far the toughest group of athletes," Walker said. "They have an explosive offense and we'll have to do something to control that. Defensively they are big and quick sounds simple but..."

Raiderball downs Atlantic 24 - 8

Coach Dan Brown said Glades Central played a "good old brand of Raiders football" in their 24-8 victory against Atlantic Friday, Oct. 12.

During the fourth quarter the Raiders pulled the team away from a close 12-8 score with two interception returns for touchdowns.

"I'm really proud of the kids. The defense

did really well and the offense has improved," Brown said.

The Raiders coach said the team showed all their strength in the final quarter. "We played really tough when we had to," he said.

Brown said, "Aubrey Parrish, clinched the game."

Parrish, free safety, intercepted a pass on the Raiders 20 yard

line where he ran 80 yards for a touchdown in the fourth quarter.

Brown also praised Eugene Miller as leading tackle. Roy Bailey for his interception for a touchdown and Johnny Ivery had two touchdown runs.

Key blocks were made by Eugene Lawson and Jacinto Paez.

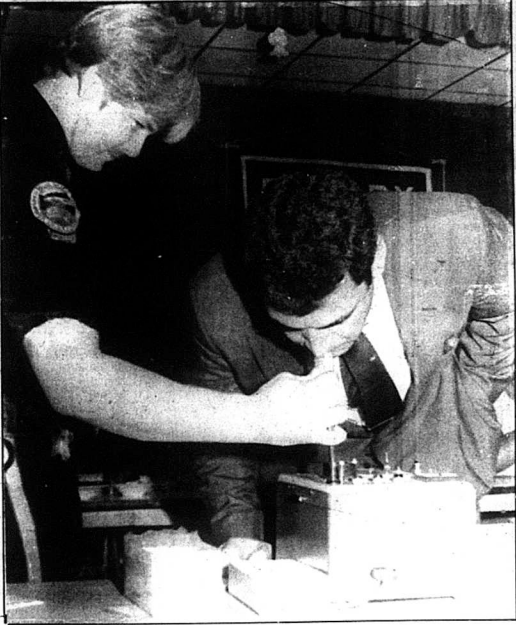

This week Glades Central plays Boca

Raton for their homecoming game at the Raiders stadium.

Brown said the game is going to be tough.

"The team we lost 21-0 Forest Hill they beat 13-7," Brown said.

When asked if the team is planning anything special for homecoming Brown said, "we're just going to prepare to win and I guess that's special."

Sgt. Jack Fulenwider said all an officer has to do is probable cause to arrest a person for drunk driving. He said several tests can be used to determine intoxication including agility tests, blood or urine tests or a breathalyzer test.

The agility tests include walking a straight line, extending arms out to the side, leaning your head back and touching your nose with your finger, and participating in the Breathalyzer test.

"I couldn't really say no," Wennett jokingly told the crowd. "It was Crown Royal. I didn't have nearly as much to drink as Judge Adams."

"We'll see," was Adams rejoinder.

Harvest of Love dance a big success

BELLE GLADE \$3,190 that will be given to the American Cancer Society. Spooner said the event was sold out and the breakfast was also a big success. The Lonnie Jolson Band performed. Simon Train of Country K radio station and Auctioneer Bert Ward

of Belle Glade teamed up to auction a bottle of scotch and several Country K caps. Roy Whitehurst was the top contender for the scotch with a bid of \$200. He then donated the bottle back to the committee and the scotch was auctioned off for a second time.

Spooner said two tables went together to purchase the bottle on the second go-around for a price of \$150. She said some of the participants were Danny Griffin, Ken Cavinee and Craig Pate. Kendra Perkins was the co-chairman of the event.

Fantasticks to appear at Dolly Hand Center

Bearing the credentials of a run of more than two years in New York, and of success in the major cities of Europe, South America and Australia, "The Fantasticks", a musical comedy that features both sentiment and mockery of sentiment, is coming to the Dolly Hand Cultural Arts Center, Thursday, October 25, at 8 p.m.

It is a fantasy about the difference between love by enchanted moonlight and as it is exposed to disillusioning morning-after sunlight. There will be a pair of sweethearts whose romantic imaginations have been turned toward each other by the simple ruse of their fathers pretending to oppose the match they hope for.

Absentee ballots available

Absentee Ballots for the November 6, general election are now available at the Supervisor of Elections Office at the Glades Office Building at 2976 Stee Road 15 in Belle Glade.

Voters who will be away, as well as those who are unable to go to the polls due to illness

Know When To Say When

...A Campaign for Responsible Drinking

For most adults, having a drink is a way to relax and enjoy the company of family and friends. Only when alcoholic beverages are abused do they pose a danger, leading to drunk driving and other serious problems.

Please plan to attend and help promote a greater awareness of the responsibilities associated with drinking!
